

## دورات وورشات عمل خاصة بشركات النفط والغاز

	الدورة / الورشة		الدورة / الورشة
<b>1</b>	Welding Codes & Welding Qualifications	<b>20</b>	Oil Dehydration & Desalination
<b>2</b>	Pipe Drafting & Codes	<b>21</b>	Well Test Analysis
<b>3</b>	Oil Movement & Storage	<b>22</b>	Natural Gas Processing
<b>4</b>	Evaluation of Oil Stocks	<b>23</b>	Occupational Safety & Health
<b>5</b>	Reservoir Simulation	<b>24</b>	Oil & Gas Field Operation
<b>6</b>	Chemical Treatment of Petroleum Oil	<b>25</b>	Basic Well Log Interpretation
<b>7</b>	Operation of Oil Storage Tank	<b>26</b>	Oil & Gas Flow Measurements
<b>8</b>	Optimization & Operation Conditions for Petroleum Refining	<b>27</b>	Hazards of Handling Petroleum Material
<b>9</b>	Pressure Piping Code	<b>28</b>	On Shore Oil Field Operation
<b>10</b>	Distillation	<b>29</b>	Oil Terminal Operation
<b>11</b>	Compressors	<b>30</b>	Operation Activities Improvement
<b>12</b>	Basic Seismic Interpretation	<b>31</b>	Drilling
<b>13</b>	Petroleum Manufacturing Orientation	<b>32</b>	Gas Production
<b>14</b>	Desulphurization of Petroleum Fractions	<b>33</b>	Open Cased Hole Logs Interpretation
<b>15</b>	Petrochemical Plant Operations	<b>34</b>	Crude Oil Chemical Treatment
<b>16</b>	Petroleum Hydrology	<b>35</b>	Pipelines
<b>17</b>	Industrial Petrochemical Processes	<b>36</b>	Reservoir Characterization & Engineering
<b>18</b>	Types of Artificial Gas Lift	<b>37</b>	Petroleum Refinery Processes
<b>19</b>	Well Completing & Activation	<b>38</b>	Water Flooding
